In the case of first and last month partial billing cycles, the MRC will be prorated based on the actual number of days the Customer had the service during the billing cycle.

Only charges for direct dialed outgoing voice minutes of use are covered under the MRC for this plan. All other charges for usage and services, including but not limited to International calling, Directory Assistance services, Operator Assisted services, collect or person to person calls, 900, 700, 976 calls to access information service, internet usage, fees and surcharges are not included with this plan and will be charged separately.

Such usage is charged separately and is not part of the unlimited usage provided under this plan. For Toll Free calls, partial (D)
increments are rounded up to the next increment. All calls are rated at 60 seconds for the initial increment, and 6 seconds for each additional increment.
